

Looking Forward

Thank You for Your Confidence

I am honored by the support of the people of Hardin County. Your confidence in me is both gratifying and humbling. I appreciate you and welcome your input to develop our county as **“The Commonwealth’s Premier County.”**

I accept the responsibility to lead this county through our current economy to a prosperous future. I am strengthened by the thousands of citizens who stood by my side and looked over my shoulder. These are the people who deeply care about their community. We celebrate their enthusiasm, commitment, and hard work.

We honor the voters who asked the hard questions and committed themselves to finding the answers. We celebrate them for expanding our knowledge about our community, our hospital, our tax structure, our budget, and our debt.

Sincerely

Harry L. Berry
