Late or Incomplete Applications WILL NOT BE CONSIDERED.

Applicant Michael New

About Hardin County Animal Care and Control

We presently have a staff of one director, four animal control officers (this includes the director), three full-time kennel workers, two part-time kennel workers, one staff assistant, one deputy director and twenty-five volunteers. All officers are National Animal Control Association Certified.

One animal control officer is on-call 24/7 for emergency complaints; the officer on-call is dispatched at night by Hardin County Control (or 911).

Office hours are Monday through Saturday 8:00am until 4:30pm. The shelter is available to the public during office hours.

Our office enforces all state, county and city laws that pertain to animals in Hardin County. We pick up and quarantine dogs and cats that are suspected of having rabies. We investigate animal abuse cases and handle any type of animal complaint that anyone can possibly imagine.

We accept dogs and cats at our shelter from residents of Hardin County. We presently have 72 dog pens and 24 kennel cages to hold cats. A certified euthanasia specialist or a licensed veterinarian euthanizes all animals that are unable to be adopted by lethal injection. We hold all stray dogs 5 days before they are released for adoption.

Dog licenses are distributed and sold by our office and all veterinarian offices in Hardin County.

Requirements for the grant

Hardin County Animal Care and Control meets or exceeds all minimum requirements as required by KRS 258.119.

- Our shelter segregates male and female animals in holding areas; we hold ill or injured animals in separate pens.
- Separate quarantine areas for dogs and cats.
- All animal pens have protection from weather and are heated.
- Kennel runs are built from materials that are easily cleaned and disinfected.
- Employ a dog warden that is NACA certified.
- Provide access to the public for 40 hours per week.
- Employ euthanasia methods recommended by the American Veterinary Medical Association.
- Promote the sale of state dog license.
- Accurate records are retained of animals entering our shelter and their disposition.
- The animals at our shelter are provided food and water daily.

Description of spay/neuter program for Hardin County Animal Care and Control

Administrator of program is Mike McNutt, Hardin County Animal Care and Control Director, NACA certified. Euthanasia Technician. Phone number is (270)769-3428.

Spay and neuter surgeries are done by a licensed veterinarian at Hardin County Animal Care and Control's fully equipped operating room.

The surgery per animal:

Castrate cats-\$50

Spay cats- \$50

Castrate dogs under 50 lbs- \$50

Castrate dogs over 50 lbs- \$50

Spay dogs under 50lbs- \$50

Spay dogs over 50lbs- \$50

The cost per surgery to Hardin County Animal Care and Control is \$47.26. This includes drugs and materials.

This grant would ensure that all dogs and cats adopted from our shelter are spayed or neutered, therefore reducing the number of animals from Hardin County being euthanized by our shelter.

If possible we will also spay the female dogs that produce several litters of unwanted pups brought into the shelter. We will offer this service free of charge.

The total number of animals spayed/neutered in 2021 was 2809.

THIS IS A MATCHING GRANT.

Spay/Neuter grant will be ranked on the percent of matching funds of the applicant as a criteria for reward. While the maximum award amount is \$3,000, the applicants will be ranked and evaluated based on the matching dollars they provide. For example: County A will match 500 dollars of the grant while County B will match \$3,000 dollars of the grant. County B will be ranked above County A for this criteria.

This is a change from grants administered in past years. The 2022 grants are only offered to governmental entities. Governmental entities may partner with non-profits to obtain the best use of resources.

Is spay/neuter required for all adopted animals in your county shelter? Yes No
If YES: Is surgery done *before* release to new owner or rescue group? Yes No
If NO: Describe follow-up procedure to ensure spay/neuter has been completed for adopted and animals released to rescue groups:

• Please note that favorable ranking will be given to mandatory programs.

Each county is required by state law to employ an Animal Control Officer. Does your county employ an Animal Control Officer? Yes No

REQUIRED ATTACHMENTS (check off each document):

- A written cost estimate for alterations.
- Completed Kentucky Animal Shelter Survey
- Spay/Neuter program description document.

Acknowledgement:

I, Mike McWhitt, am the person responsible for submitting this grant, and hereby attest that the application and attachments are correct and accurate to the best of my knowledge.
