Brian D. Smith  
Hardin County Clerk

**KENTUCKY EMERGENCY MANAGEMENT  
EMERGENCY MANAGEMENT ASSISTANCE PROGRAM  
NON-SUPLANTING CERTIFICATION**

It is necessary to provide assurance that sub-grant funds will not be used to replace (supplant) funds that would normally be available or appropriated for the same purpose. The certificate is to be signed by the County Judge/Executive and the County Emergency Manager.

This certification is a required component of the EMA Special Project application process and affirms that federal funds will be used to supplement existing funds, and will not replace (supplant) funds that have been appropriated for the same purpose. Potential supplanting will be addressed in the application review as well as in the pre-award review, post-award monitoring, and the annual site visit.

Supplanting general definition: The act of a unit of government that reduces funds for an activity specifically because federal funds are available (or expected to be available) to fund that same activity. Supplanting is not permitted. Federal funds must be used to supplement existing State or local funds for program activities and may not replace funds that have been budgeted, appropriated, or allocated for the same purpose.

I certify I have read, understand, and agree to ensure that federal funds awarded under the Emergency Management Assistance Grant Program will not be used to supplant (replace) funds or other resources that would otherwise have been made available or previously budgeted for the county's emergency management program.

Applicant Name: Hardin County Emergency Management

County Judge/Executive Name: Deputy Judge/Executive Vicki Meredith

County Judge/Executive Signature: 

Date: 6/5/23

County Emergency Manager Name: Joey Scott

County Emergency Manager Signature:
